OPERATION OF MOTOR VEHICLES

Use of Non-Owned (GSA Provided) Vehicles

Public Law 87-258 (28 U.S.C. 2679) provides, in effect, that any civil action or proceeding brought against any employee of the Government in any court resulting from the operation of a motor vehicle while acting within the scope of his employment will be deemed to be an action against the United States and will be defended by the Attorney General.

You should immediately notify your area, division, or office director and the nearest Office of the General Counsel whenever you become involved in an accident causing injury to persons or damage to property. In such cases, the General Counsel's Office will then notify the proper United States Attorney.

In recognition of the reduced liability of Federal employees under the law, an endorsement for attachment to personal automobile insurance policies has been developed. Where individuals operate their personally owned vehicles in the service of the Government, the endorsement will enable them to obtain reduced automobile insurance premiums as the usage of the automobile will be changed from "business use" to "pleasure use." This endorsement, however, will not be attached to, nor will there be any rate revision for, any policies covering an underage driver.

Where automobiles are furnished by the government for regular use and the employee has a Family Automobile Policy, the coverage of the policy should be extended by the addition of the "Extended Non-Owned Automobile" endorsement. This is necessary because the policy contains an exclusion of coverage for "Non-owned private passenger automobiles furnished for regular use."

Where the employee's automobile insurance is written under a Basic Automobile Liability Policy or Comprehensive Automobile Liability Policy, the necessary endorsement to extend the policy coverage is "Use of Other Automobiles - Broad Form."

These endorsements are now available in all states and the District of Columbia. Consult your local insurance company representative, agent or broker.

TELEPHONE REPAIR GUIDELINES

- I. First find out if the problem is in the telephone or the line:
 - A. Single Line Telephones.
Borrow another telephone and plug it into your phone jack. If you have the same problem with the borrowed phone, then the problem is in the line.
 - B. Multi-line Telephones.
Check another telephone with the same lines. Determine if the problem exists on your telephone set only, or other sets with the same lines.
 - C. After determining where the problem exists contact REA's Service Representative on 720-0858 for assistance.
- II. Please provide the Service Representative with the following information:
 - Name
 - Division
 - Room Number
 - Number you wish to report
 - Trouble you are reporting (PLEASE BE SPECIFIC)

Examples:

1. Problem area (telephone or line)
2. Can make calls, but cannot receive calls
3. Call will not forward
4. Cannot transfer calls
5. Static on line
6. Lights will not illuminate
7. Hold or other buttons are stuck

This directory is prepared and distributed by the Administrative Services Division (ASD). If you have any suggestions for future revisions or enhancements call 720-0940.
